PERSONNEL POLICIES GOALS

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The District's program functions best when it employs properly certified or licensed personnel, conducts appropriate staff development activities and establishes policies and working conditions that are conducive to high morale and enable each staff member to make the fullest contribution to District programs and services.

The goals of the personnel program include:

1. developing and implementing those strategies and procedures for personnel recruitment, screening and selection, which result in employing the best available candidates: those with the highest capabilities, strongest commitment to quality education and greatest probability of effectively implementing the educational program;
2. developing a general assignment strategy, which makes the greatest contribution to the educational program, and using it as the primary basis for determining staff assignments;
3. providing positive programs of staff development designed to contribute both to improvement of the educational program and to each staff member's career development aspirations;
4. providing for a genuine team approach to education, including staff involvement in planning, decision making and evaluation;
5. developing and using for personnel evaluation positive processes that contribute to the improvement of staff capabilities and assist in making employment decisions and
6. encouraging all employees to be cognizant of their roles in instilling ethical principles and democratic ideals in all students.

STAFF INVOLVEMENT IN DECISION MAKING

The District maintains an environment that supports personal and organizational performance excellence by allowing all employees the opportunity to develop and use their full potential to achieve District goals and objectives.

There should be an exchange of ideas and pertinent information among all elements of a school district. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

All employees have the opportunity to bring their ideas and/or concerns to the Board through the recognized administrative channels. Final authority for all decisions rests with the Board.

STAFF ETHICS

Preamble

The members of the Board and the staff of the District believe in the worth, dignity and importance of every individual, regardless of color, national origin, ancestry, citizenship status, religion, sex, economic status, age, military status or disability. We further believe that the school should provide an environment in which individuals can seek human values for themselves without damage to the freedom of choice and assets of others.

We believe that every student has the inherent right to the best education available and that every educator has the responsibility to work toward this end.

We realize that as educators our words and actions will be viewed and appraised by the community at large, by parents of students, by fellow educators and by students themselves. Therefore, we believe that we must maintain standards of exemplary professional conduct in relation to the aforementioned groups.

Responsibility to the Student:

Recognizing that the welfare of the child is the first consideration of the educator, the Board subscribes to the following statement of standards to:

1. deal kindly and justly with every student as an individual without prejudice or partiality and not deny benefits to any student on the basis of color, national origin, ancestry, citizenship status, religion, sex, economic status, age, military status or disability;
2. respect the confidence of students; information given in confidence will be passed on only to authorized persons or agencies that are attempting to aid the student;
3. not use professional relationships with students to promote personal gain, selfish interests, partisan politics or sectarian religious views;
4. not accept any remuneration from parents directly or indirectly for tutoring or equipping students in our school;
5. provide opportunities that will help the student grow in understanding the democratic process and stress the necessary balance between freedom and responsibility, and between rights and duties;
6. refrain from the use of ridicule or any form of communication, expressed or implied, that will embarrass the student;

7. strive to help each student develop sound moral, spiritual and intellectual foundations;
8. refrain from comparing one student with another, but attempt to evaluate each on an individual basis and
9. provide opportunities for the student to work under conditions that foster respect for the rights and privileges of others.

Responsibility to the Parents:

Recognizing the concern of the parent for the student's development, the board subscribes to the following statements of standards to:

1. cooperate with the home for the best interest of the students;
2. respect the basic responsibility of parents for their children and seek to establish friendly and cooperative relationships with parents;
3. maintain a friendly attitude toward parents and strive to keep parents informed about, and interested in, the educational program of the public school;
4. diligently endeavor to keep parents informed of any lack of progress or danger of failure on the part of their child and, as much as possible, continue to work with the parent until the student is progressing satisfactorily or until all avenues have been explored;
5. refrain from gossip or repeating any information concerning parents that might cause other educators to be prejudicial in their dealings with students and
6. be open and honest in conferences with parents and conduct all conferences concerning students in private.

Responsibility to the Profession:

Recognizing that the professional educator works to improve the status of the profession by maintaining high standards, the Board subscribes to the following statements of standards to:

1. endorse the principle that the profession must accept responsibility for the conduct of its members and understand that each educator's conduct will be regarded as representative of the profession;
2. adhere to the conditions of a contract until the contract has been terminated by mutual consent, or has otherwise been legally terminated;

3. exercise the right to participate in the democratic processes that determine school policy and, once policy is determined, will support it;
4. conduct school affairs through recognized channels of the District or profession;
5. report to duly constituted authority any matters that involve the best interest of the District;
6. respect the confidence of fellow educators;
7. be considerate and loyal in relationships with fellow educators and take pride in their achievements;
8. not engage in any criticism or dispute among fellow educators in the presence of students or lay persons and define such action as unjustifiable and
9. encourage and foster the following attitudes toward fellow educators:
 - A. active friendliness;
 - B. cooperation with both new and experienced teachers;
 - C. recognition of performance of quality work and
 - D. willingness to learn from others.

STAFF CONDUCT

All staff members have a responsibility to make themselves familiar with, and to abide by, the laws of the state of Ohio and the negotiated agreement, the policies of the Board and the administrative regulations designed to implement them.

All staff members are expected to carry out their assigned responsibilities. Essential to the success of ongoing operations and the instructional program are the following specific responsibilities, which are required of all personnel:

1. faithfulness and promptness in attendance at work;
2. support and enforcement of policies of the Board and regulations of the administration;
3. diligence in submitting required reports promptly at the times specified;

NOTE: Ohio's concealed-carry gun laws enable an individual with a valid concealed-carry license or temporary emergency license who is either a driver or passenger in a motor vehicle in a school safety zone to have a loaded handgun if one of the following applies: (1) the loaded handgun is in a holster on the person's person; (2) the loaded handgun is in a closed case, bag, box or other container that is in plain sight and that has a lid, cover or closing mechanism with a zipper, snap or buckle, which lid, cover or closing mechanism must be opened for a person to gain access to the handgun; or (3) the loaded handgun is securely encased by being stored in a closed glove compartment or vehicle console or in a case that is locked.

Senate Bill 199 revisions to Ohio Revised Code Section (RC) 2923.122, effective March 19, 2017, now allow a person who has a valid concealed handgun license to leave the firearm in a motor vehicle while in a school safety zone, so long as the vehicle is locked.

In addition, new RC 2923.1210 states that a public or private employer may not establish, maintain, or enforce a policy that prohibits a person who has a valid concealed handgun license from transporting or storing a firearm or ammunition when both of the following conditions are met:

- *Each firearm and all of the ammunition remains inside the person's privately-owned motor vehicle while the person is physically present inside the motor vehicle, or each firearm and all of the ammunition is locked within the trunk, glove box, or other enclosed compartment or container within or on the person's privately-owned motor vehicle and*
- *The vehicle is in a location where it is otherwise permitted to be.*

STAFF DRESS AND GROOMING

Staff dress and grooming should enhance a positive image of the District and not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate or compromise reasonable standards of health, safety and decency.

The Board retains the authority to specify the following dress and grooming guidelines for staff. All staff members will, when assigned to District duty, including extracurricular activities:

1. be physically clean, neat and well-groomed;
2. dress in a manner reflecting their professional assignment and
3. dress in a fashion that is commonly accepted in this community.

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. The basic line of communication between the Board and the staff is through the Superintendent. Staff members should utilize the Superintendent to communicate to the Board or its subcommittees. All official communications, policies and directives of staff interest and concern are communicated to staff members through the Superintendent. The Superintendent develops appropriate methods to keep staff members informed of the Board's issues, concerns and actions.

Board members must recognize that their presence in school buildings could be subject to a variety of interpretations by school employees. If a visit to a school or classroom is being made for other than general interest, Board members shall inform the Superintendent and make arrangements for visitation through the principal of the particular school. General interest visits are defined as informal expressions of interest in school affairs and not as inspections or visits for supervisory or administrative purposes. Board members will indicate to the principal the reason(s) for the visit. Official visits by Board members are carried out only under Board authorization.

STAFF HEALTH AND SAFETY

Through its overall safety program and various policies pertaining to school personnel, the Board attempts to ensure the safety of employees during their working hours and assist them in the maintenance of good health.

All employees are expected to observe commonly recognized practices that promote the health and safety of school personnel.

Bus drivers will have an annual physical examination in compliance with State law. The results of all such examinations are filed with the Superintendent.

Employees who are required by State or Federal law to have respiratory protection are required to have two physical examinations. The first examination must take place prior to the individual's wearing a respirator. The second examination must take place after the individual's exposure to any hazardous material (within 30 days if it is a one-time exposure, and at least annually if it is ongoing exposure).

The Board may require an individual examination of an employee whenever, in its judgment, it is necessary to protect the health and safety of students or other employees. Whenever the Board requires an employee to submit to a physical examination other than those required by law, the Board assumes the cost of the examination. All health examinations required of employees are made by one of the physicians approved for this purpose by the Board.

Any genetic information acquired as a result of individual examinations will be handled in accordance with Federal law.

Workers' Compensation

In case of injury while pursuing duties in keeping with the employee's contract, the employee may be eligible for payment of medical expenses under the Workers' Compensation Act of Ohio.

Any employee who is injured while at work should immediately report such injury to the central office and request the necessary forms to make application for payment under this act.

The injured employee may be requested to undergo chemical testing, as established by law and administrative regulation. The employee must prove that the injury was not proximately caused by the employee being intoxicated, under the influence of a controlled substance not prescribed by the employee's physician or under the influence of marihuana (marijuana). The results of, or the employee's refusal to submit to, any of the requested chemical tests may affect the employee's eligibility to receive workers' compensation benefits.

Under this chapter marijuana means marihuana as defined in RC 3719.01. HB 523 also updated the workers' compensation drug testing provisions and here the terminology used is "marihuana."

STAFF HEALTH AND SAFETY

Workers' Compensation Benefits Eligibility – Chemical Testing

Under Ohio's Workers' Compensation Law, every employee who is injured in the course of employment is entitled to benefits, if necessary, to compensate him/her for lost work time, payment for medical, nursing and hospital services, medicines and funeral expenses, unless the injury was proximately caused by the employee being intoxicated, under the influence of a controlled substance not prescribed by the employee's physician or under the influence of marihuana (marijuana).

Testing Procedures

An injury is deemed to have been proximately caused by the employee being intoxicated or under the influence of a controlled substance not prescribed by the employee's physician or under the influence of marihuana (marijuana) if any of the following apply.

1. Within eight hours of the injury, the employee's blood alcohol level tests equal to or greater than .08%*.
2. Within eight hours of the injury, the employee's breath alcohol level tests equal to or greater than .08g/210L*.
3. Within eight hours of the injury, the employee's urine alcohol level tests equal to or greater than .11g/100 ml*.
4. Within 32 hours of the injury, the employee tests above both the following levels established for an enzyme multiplied immunoassay technique (EMIT) screening test and above the following levels established for a gas chromatography/mass spectrometry test, or in the alternative, above the levels established for a gas chromatography/mass spectrometry (GC/MS) test alone as follows, for substances not prescribed by a physician or marihuana (marijuana):
 - A. for amphetamines, 1000 ng/ml of urine for the EMIT test and 500 ng/ml of urine for the GC/MS test;
 - B. for cannabinoids, 50 ng/ml of urine for the EMIT test and 15 ng/ml of urine for the GC/MS test;
 - C. for cocaine, including crack cocaine, 300 ng/ml of urine for the EMIT test and 150 ng/ml of urine for the GC/MS test;
 - D. for opiates, 2000 ng/ml of urine for the EMIT test and 2000 ng/ml of urine for the GC/MS test and

- E. for phencyclidine, 25 ng/ml of urine for the EMIT test and 25 ng/ml of urine for the GC/MS test.
- 5. The employee, through a chemical test administered within 32 hours of the injury, is determined to have barbiturates, benzodiazepines, methadone or propoxyphene in the employee's system that tests above levels established by laboratories certified by the U.S. Department of Health and Human Services (HHS).
- 6. The employee refuses to submit to a requested chemical test.

Legal Protections

All testing will be conducted by a qualified, federally certified testing laboratory or a laboratory that meets or exceeds HHS standards for laboratory certification selected by the Board, and any positive test result will be confirmed by a medical review officer.

Confidentiality

All test results will remain confidential as between the employee, the Board and the Bureau of Workers' Compensation.

*This represents the minimum testing level used to establish intoxication under current State law prohibiting the operation of a motor vehicle while intoxicated, otherwise known as the State "OMVI" law.

Employees are not permitted to use District time, moneys, facilities, equipment or supplies to campaign nor are the employees to actively campaign while on duty.

STAFF-STUDENT RELATIONS

The relationship between the District's staff and students must be one of cooperation, understanding and mutual respect. Staff members have a responsibility to provide an atmosphere conducive to learning and to motivate each student to perform to his/her capacity.

Staff members should strive to secure individual and group discipline, and should be treated with respect by students at all times. By the same token, staff members should extend to students the same respect and courtesy that they, as staff members, have a right to demand.

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Excessive informal and/or social involvement with students is prohibited. Such conduct is not compatible with professional ethics and, as such, will not be tolerated.

Staff members are expected to use good judgment in their relationships with students both inside and outside of the school context including, but not limited to, the following guidelines.

1. Staff members shall not make derogatory comments to students regarding the school, its staff and/or other students.
2. The exchange of purchased gifts between staff members and students is discouraged.
3. Staff-sponsored parties at which students are in attendance, unless they are a part of the school's extracurricular program and are properly supervised, are prohibited.
4. Staff members shall not fraternize, written or verbally, with students except on matters that pertain to school-related issues.
5. Staff members shall not associate with students at any time in any situation or activity that could be considered sexually suggestive or involve the presence or use of tobacco, alcohol or drugs.
6. Dating between staff members and students is prohibited.
7. Staff members shall not use insults or sarcasm against students as a method of forcing compliance with requirements or expectations.
8. Staff members shall maintain a reasonable standard of care for the supervision, control and protection of students commensurate with their assigned duties and responsibilities.
9. Staff members shall not send students on personal errands.

10. Staff members shall, pursuant to law and Board policy, immediately report any suspected signs of child abuse or neglect.
11. Staff members shall not attempt to diagnose or treat a student's personal problem relating to sexual behavior, substance abuse, mental or physical health and/or family relationships but, instead, should refer the student to the appropriate individual or agency for assistance.
12. Staff members shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.

Social Media

1. District staff are prohibited from posting data, documents, photographs or inappropriate information on any social media platform that might result in a disruption of classroom activity or that violates State or Federal law relating to staff and student privacy. The Superintendent/designee has full discretion in determining when a disruption of classroom activity has occurred.
2. District staff are prohibited from providing personal social media passwords to students.
3. Fraternalization between District staff and students via the internet, personal email accounts, text messaging, personal social media and other modes of virtual technology is also prohibited.
4. Access of personal social media during school hours is prohibited.

Violation of the prohibitions listed above will result in staff and/or student discipline in accordance with State law, Board policies and regulations, the staff and student codes of conduct and handbooks and/or staff negotiated agreements. Nothing in this policy prohibits District staff and students from the use of education websites and/or use of social media created for curricular, cocurricular or extracurricular purposes.

NOTE: The success or failure of the instructional program is influenced heavily upon the relationship between staff and students. Boards are encouraged to use this policy as a tool in which to set the parameters for the relationship between staff and students. Specific provisions may be added, modified or removed.

The popularity of social media is yet another concern for districts. These sites add another layer of responsibility and accountability to the relationship between staff and students. The language suggested in this section is permissive, meaning that boards may or may not choose to include this language in the policy.

STAFF GIFTS AND SOLICITATIONS

Gifts

The Board authorizes the expenditure of public funds to purchase meals, refreshments and tokens of appreciation for employees and Board members in the completion of their responsibilities. The Board believes that such expenditures are necessary, on occasion, to further a public purpose in the general operation of the District. Such public purpose includes, but may not be limited to, employee development activities, employee recognition activities and certain routine meetings that may be enhanced by such amenities.

Such expenditures shall be consistent with the Board's purchasing policy and within the appropriation limits established by the Board.

Presentation of gifts to, and the arrangement of social affairs for, employees leaving the District are governed by the following.

1. Each building principal appoints, or employees may volunteer for, a small social committee to plan social affairs.
2. Any gifts to be presented to departing employees by their respective groups are at the discretion of the group involved.

Vendor Compensation

Any compensation paid by a vendor to a District official or employee, after the official or employee has participated in selecting the vendor, is considered "public money" and must be returned to the District.

Solicitations

The Superintendent annually approves all solicitations that are to be permitted in the schools. No organization may solicit funds of staff members in the schools, nor may anyone distribute flyers or other materials related to fund drives through the schools, without the prior approval of the Superintendent.

Employees may not engage in the sale of products to the schools, even if the proceeds of such sales are intended for charitable or civic purposes. No staff member is to collect any money or distribute any fundraising literature without the expressed approval of the Superintendent.

Staff members are prohibited from soliciting funds in the name of the school or District through the use of online fundraising or a crowdfunding campaign without approval of the Superintendent. All crowdfunding campaigns must comply with District policies and procedures.

NO TOBACCO USE ON DISTRICT PROPERTY BY STAFF MEMBERS

The Board has a duty to protect and promote the health and well-being of all students and staff. The Board is acutely aware of the serious health risks associated with the use of tobacco products, both to users and nonusers, and that most tobacco use begins by the age of 18. The Board recognizes that staff and school visitors serve as role models to students and, therefore, adopts this 100% tobacco-free District policy to endorse a healthy lifestyle and prevent tobacco use.

For the purpose of this policy, “tobacco product” is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, and any other smoking product, and spit tobacco, also known as smokeless, dip, chew and snuff, in any form.

For the purpose of this policy, electronic smoking devices and vapor products also are considered a “tobacco product.”

Tobacco Use Prohibited

No staff member or volunteer is permitted to smoke, inhale, vape, dip or chew tobacco products at any time, including non-school hours:

1. in any building, facility or vehicle owned, leased, rented or chartered by the District or
2. on school grounds, athletic facilities or parking lots.

No staff member or volunteer is permitted to smoke, inhale, vape, dip or chew tobacco products at any time, including non-school hours, at any school-sponsored event off campus.

Tobacco Advertisements and Promotions

Tobacco advertising is prohibited on school grounds, in all school-sponsored publications and at all school-sponsored events. Tobacco promotional items that promote the use of tobacco products, including clothing, bags, lighters and other personal articles, are not permitted on school grounds, in school vehicles or at school-sponsored events.

Providing Notice to Staff

“No Tobacco” signs will be posted throughout the District at entrances and other appropriate locations in all academic buildings, administrative spaces and athletic fields. District staff will be provided notice of this policy through staff handbooks. District vehicles will display the international “No Smoking” insignia.

Enforcement

Disciplinary measures taken against staff for violations of this policy comply with the requirements of State law, related District policies and regulations and/or the staff negotiated agreements.

Educational Reinforcement

Tobacco use prevention education is closely coordinated with the other components of the school health program. Staff responsible for teaching tobacco use prevention education have adequate pre-service training and participate in ongoing professional development activities to effectively deliver the education program.

NOTE: This policy and information is based on model policies for districts considering 100% tobacco-free campuses. It is provided for educational purposes only and is not to be construed as a legal opinion or as a substitute for obtaining legal advice from an attorney. Readers with questions about the application of the law to specific facts are encouraged to consult legal counsel familiar with the laws of their jurisdictions.

Districts are required to have smoke-free policies. This goes beyond what is required and may be helpful to those districts choosing to go tobacco-free.

When determining disciplinary measures, districts should check negotiated agreements and may need to seek the advice of legal counsel.

Electronic smoking devices and vaping have increased in popularity. While such devices are included as tobacco under Ohio's juvenile tobacco laws (under 21 years of age), these devices are not otherwise classified as tobacco and State and Federal law do not regulate their use. Districts who want to add electronic smoking devices and vaping to the definition of tobacco in this policy should review the provided permissive language. Districts may need to update postings to reflect the restrictions on the use of these devices.

PERSONNEL RECORDS

The Superintendent develops and implements a comprehensive and efficient system of personnel records. The Central Office Personnel is hereby designated as the employee directly responsible for the personnel records system. The following guidelines govern such records.

1. Personnel files contain records and information relative to compensation, payroll deductions, evaluations and such information as may be required by State or Federal law or considered pertinent by the Superintendent. Anonymous material or material from an unidentified source are not placed in a staff member's file.
2. A personnel file for each employee is accurately maintained in the District office in accordance with administrative regulations incorporating the requirements set forth under the Ohio Privacy Act for the protection of employees. Employees will be notified whenever personal information concerning them is placed in their file.
3. State law requires that all public records be promptly prepared and made available for inspection to any member of the general public at all reasonable times during regular business hours. Upon request, the person directly responsible for personnel records is required to make copies available at cost, within a reasonable period of time.
4. The public has access to all records in the personnel file with the following exceptions:
 - A. medical records;
 - B. records pertaining to adoption, probation or parole proceedings;
 - C. trial preparation records;
 - D. confidential law enforcement investigatory records;
 - E. Social Security number and
 - F. records of which the release is prohibited by State or Federal law.

Additional exceptions are listed in Ohio Revised Code Section 149.43.

5. The District is required to keep reports of investigations of employee misconduct in the employee's personnel file, unless the State Superintendent of Public Instruction or his/her designee determines that the report does not warrant taking action against the employee. If the State Superintendent of Public Instruction or his/her designee determines no action is warranted, the investigation report must be moved from the employee's personnel file to a separate public file.

6. Each employee has the right, upon written request, to review the contents of his/her own personnel file. If a document is not disclosed to the employee because it is determined by a physician, psychiatrist or psychologist to be likely to have an adverse effect upon the employee, the document will be released to the designated medical authority. Requests are made to the Superintendent and scheduled for a time convenient for the parties involved.
7. Employees may make written objections to any information contained in the file. Any written objection must be signed by the staff member and becomes part of the employee's personnel file after the appeal procedure outlined in State law. The appeal procedure permits any employee who disputes the accuracy, relevance, timeliness or completeness of information maintained in his/her file to compel the District to investigate the current status of the information.
8. Personnel records should be reviewed only within the confines of the Superintendent's office or the Board's office.

PERSONNEL RECORDS
(Privacy)

It is understood that personnel records contain information that requires protection for the sake of privacy for individual employees. Personnel records will be secured in such a manner that employees can be assured their personal information will remain protected.

Active personnel files will be maintained in locked, fireproof cabinets. These cabinets will remain locked except at such times the files are in use. Active personnel files include employment files, contracts, salary notices, payroll withholding documents, other payroll documents and miscellaneous forms, and evaluations. Only employees authorized to do so may access active personnel files.

Inactive personnel files will be maintained in locked cabinets. The contents of inactive files may contain the same information as active files. Only employees authorized to do so may access inactive personnel files.

Insurance files will be maintained in filing cabinets in a separate locked room. Only employees authorized to do so may access employee insurance files. Insurance files are subject to HIPAA Privacy Requirements.

The treasurer will be responsible for the data collection of personnel information and shall designate employees who are authorized to access such information. Employees who access personnel files for reasons other than to conduct school business as required are subject to disciplinary action, including suspension or termination if warranted.

Personnel information will be protected at all times. In that regard, individuals making telephone inquiries for credit companies, banks or other business will only receive verification that an employee works at Coldwater EVSD as well as the date of employment. All other information requests must be submitted in writing, and the employee must first be contacted to ensure the information request is valid.

STAFF COMPLAINTS AND GRIEVANCES

The Board encourages the administration to develop effective means for resolving differences that may arise among employees, reducing potential areas of grievances and establishing and maintaining recognized channels of communication.

Grievance procedures should provide for prompt and equitable adjustment of differences at the lowest possible administrative level. Each employee should be assured the opportunity for an orderly presentation and review of complaints and concerns.

The procedures established for the resolution of grievances in contracts negotiated with recognized employee bargaining units apply only to “grievances” as defined in the particular contract(s).

DRUG-FREE WORKPLACE

The Board endeavors to provide a safe workplace for all employees, realizing that the use/abuse of drugs and alcohol can endanger the health, safety and well-being of the nonuser, as well as the user.

Because of the Board's commitment to provide a safe workplace, no employee shall unlawfully manufacture, distribute, dispense, possess or use any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance, as defined in State and/or Federal law, in the workplace. The Board also prohibits the use and possession of legally acquired medical marijuana in the workplace.

"Workplace" is the site for the performance of any work done in connection with the District. The workplace includes any District building, property, vehicles or Board-approved vehicle used to transport students to and from school or school activities (at other sites off District property) or any school-sponsored or District activity, event or function, such as a field trip or athletic event in which students are under the jurisdiction of District authorities.

As a condition of employment, each employee shall notify his/her supervisor, in writing, of his/her conviction of any criminal drug statute for a violation occurring in the workplace as defined above, not later than five days after such conviction.

Employees are given a copy of the standards of conduct and the statement of disciplinary sanctions and are notified that compliance with the standards of conduct is mandatory. When the District has reasonable suspicion an employee is under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance, as defined in State and/or Federal law, the employee may be subject to testing in accordance with prescribed administrative regulations, local, State and Federal law and/or the negotiated agreement and may be considered in violation of this policy. Employees who violate the policy shall be subject to disciplinary proceedings in accordance with prescribed administrative regulations, local, State and Federal law and/or the negotiated agreement, up to and including termination. Any employee in violation of this policy may be required to participate in a drug-abuse assistance or rehabilitation program approved by the Board.

All employees are provided the opportunity to participate in a drug-free awareness program to inform them of requirements, services and penalties.

A list of local drug and alcohol counseling, rehabilitation and re-entry programs and services offered in the community is made available to employees.

NOTE: House Bill (HB) 523 (2016) created a medical marijuana program; the rules must still be adopted for implementation of the program. CRIMINAL RECORDS CHECK

The Board shall request from the Superintendent of the Bureau of Criminal Investigation (BCI) criminal records checks of all candidates under final consideration for employment or appointment in the District. The BCI criminal records checks include information from the Federal Bureau of Investigation (FBI), unless the individual can demonstrate that he/she has been a resident of the state for the preceding five years and has previously been subject to a BCI check, in which case only a FBI check is required.

At the time of candidates' initial application for employment, applicants are given a separate written statement informing them that each must provide a set of fingerprint impressions as part of the criminal records check process and that the Board uses a criminal records check as part of the initial hiring process and at various times during the employment career. The Board may employ persons on the condition that the candidate submit to and pass a BCI criminal records check in accordance with State law. Any person conditionally hired who fails to pass a BCI criminal records check is released from employment

An applicant for employment may provide a certified copy of a BCI criminal records check to the District in compliance with State law. The District may accept this criminal records check in place of its own records check if the date of acceptance by the District is within one year after the date of issuance by the BCI.

State law requires subsequent criminal records checks every five years for all school employees except bus drivers. For currently employed bus drivers, a new report is required every six years.

Any and all information obtained by the Board or persons under this policy is confidential and shall not be released or disseminated. Criminal records checks are not public records for purposes of the Public Records Law. Any applicant not hired because of information received from the records check shall be assured that all records pertaining to such information are destroyed.

Volunteers

The District notifies current and prospective volunteers who have or will have unsupervised access to students on a regular basis that a criminal records check may be conducted at any time.

Contractors

Criminal records checks are required for contractors who meet the following four criteria: (1) the contractor is an employee of a private company under contract with the District to provide "essential school services"; (2) the contractor works in a position involving routine interaction with a child or regular responsibility for the care, custody or control of a child; (3) the contractor is not licensed by the Ohio Department of Education and (4) the contractor is not a bus driver.

NOTE: Districts must initiate the five-year cycle by requesting criminal records checks by September 5, 2008. State law identifies a number of individuals to submit to criminal records checks for initial and renewal of licenses, certificates or permits; and every five years if holding an eight-year professional teaching certificate or permanent teaching certificate. These individuals are persons with professional educator licenses, teachers' certificates, educational aid permits, educational paraprofessional licenses, conditional teaching permits for those seeking alternative educator licenses, intervention specialists, treasurers, business managers and those with pupil activity program permits who do not have valid educator licenses, certificates or permits.

With respect to contractors, “essential school services” are those services that are provided by a private company under a contract with the district that the district’s superintendent has determined are necessary for the operation of the district and that would need to be provided by employees of the district if the services were not provided by the private company.

If a contractor meets the definition and is covered by State law, the district may not allow that contractor to work in the district unless the contractor’s employer provides documentation of a criminal records check or the district adopts certain safety measures to safeguard students. The contractor’s employer may provide proof that the person has (1) been subject to a criminal records check in the five years prior to the date for the proposed work and (2) the criminal records check indicates they have not been convicted of or pleaded guilty to any offense listed in Ohio Revised Code Section 3319.39(B)(1). Instead of a criminal records check for a contractor who meets the definitions above, the district may require an employee of the district to be present in the same room with the student or within a 30-yard radius of the student if they are outside.

FAMILY AND MEDICAL LEAVE

The Board provides leave to eligible employees consistent with the Family Medical Leave Act (FMLA). Eligible employees are entitled to up to 12 workweeks (or 26 workweeks to care for a covered service member) of unpaid family and medical leave in a 12-month period. The Board continues to pay the District's share of the employee's health benefits during the leave. In addition, the District reinstates the employee to the same or an equivalent position after the employee's return from leave.

In complying with the FMLA, the District adheres to the requirements of applicable State and Federal law.

Additional information is contained in the regulations, which follow this policy.

FAMILY AND MEDICAL LEAVE

Eligibility

An employee who has worked for the District for at least 12 months and who has worked at least 1,250 hours in the 12 months preceding the beginning of the leave is eligible for leave under the Family and Medical Leave Act (FMLA). The 12 months an employee must have been employed by the District do not need to be consecutive months. The 1,250 hours of service do not include vacation leave, sick leave, holidays or other paid leaves of absences. However, an employee returning from fulfilling his/her Uniformed Services Employment and Reemployment Rights Act (USERRA) covered service obligation shall be credited with the hours of service that would have been performed but for the period of military service in determining whether the employee worked the 1,250 hours of service.

Leave Entitlement

An eligible employee is allowed to take up to 12 workweeks of leave during a 12-month period. The District has chosen the following method to determine the 12-month period in which the 12 workweeks of leave entitlement occurs: the 12-month period measured forward from the date any employee's first FMLA leave begins.

An employee may be eligible for 26 workweeks of FMLA leave during a single 12-month period to care for a covered servicemember with a serious injury or illness. The District will determine the "single 12-month period" using the 12-month period measured forward from the date an employee's first FMLA leave to care for the covered servicemember begins.

Types of Leave

An eligible employee may take FMLA leave for the following purposes:

1. birth and care of a newborn child;
2. placement with an employee of a son or daughter for adoption or foster care;
3. care for a spouse, child or parent with a serious health condition. An employee may not take FMLA leave to care for a parent-in-law;
4. recovery from a serious health condition that keeps the employee from performing the essential functions of his/her job;

5. to respond to a “qualifying exigency” that arises because a spouse, child or parent is a military member on covered active duty or
6. to care for a covered servicemember with a serious injury or illness if the employee is the spouse, son, daughter, parent or next of kin of the covered servicemember.

An eligible employee may elect to use any accrued and unused paid vacation, personal or sick leave concurrently with unpaid FMLA leave, subject to the District’s policies governing such leave.

An employer cannot compel an employee to use, nor may an employee elect to use, accrued medical/sick leave in any situation for which the leave could not normally be used.

Spouses Employed by the District

If spouses eligible for leave are both employed by the District, their combined amount of leave for birth, adoption, foster care placement and parental illness may be limited to 12 weeks. If spouses eligible for leave are employed by the District, their combined amount of leave to care for a covered servicemember is limited to 26 weeks.

Intermittent and Reduced Leave

FMLA leave may be taken intermittently or on a reduced leave schedule under certain circumstances. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason.

Reduced leave is a leave schedule that reduces the employee’s usual number of hours per workweek or hours per workday.

Intermittent or reduced leave is available for the employee’s own serious health condition; to care for a parent, spouse, son or daughter with a serious health condition; to care for a covered servicemember’s serious injury or illness or for leave taken due to a qualifying exigency. Such leave may be used for the birth or adoption/placement of a child only if the Board agrees.

If an employee needs leave intermittently or on a reduced leave schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as not to unduly disrupt the employer’s operations.

If the employee needs intermittent leave or leave on a reduced schedule that is foreseeable, the Superintendent may require the employee to temporarily transfer during the period that the intermittent or reduced leave schedule is required to an available position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee’s regular position.

If an eligible instructional employee (i.e., those whose principal function is to teach and instruct students in a class, a small group or an individual setting) needs intermittent leave or leave on a reduced leave schedule due to foreseeable medical treatments, and the employee would be on leave for more than 20% of the total number of working days over the period the leave would extend, the District may require the employee either to:

1. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment or
2. transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

Benefits

The Board maintains the employee's health coverage under the group health insurance plan during the period of FMLA leave on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire leave period. Prior to the beginning of the FMLA leave, the employee should make arrangements with the Treasurer to pay the employee's share of health insurance.

An employee may, but is not entitled to, accrue any additional benefits or seniority during unpaid FMLA leave. Benefits accrued at the time leave began (e.g., paid vacation, sick or personal leave to the extent not substituted for unpaid FMLA leave), however, must be available to an employee upon return from leave.

The Board is entitled to recover health care premiums paid during the leave if the employee fails to return from leave. Recovery cannot occur if the employee fails to return because of the continuation, recurrence or onset of a serious health condition or due to circumstances beyond the control of the employee.

Notice

When the FMLA leave is foreseeable, the employee must notify the Superintendent at least 30 days prior to the date when the leave is to begin. If the leave is not foreseeable, the employee must give notice as early as is practical. An employee shall provide at least verbal notice sufficient to make the District aware that the employee needs FMLA-qualifying leave, and the anticipated timing and duration of the leave.

The Board may deny the leave if the employee does not meet the notice requirements.

Certification

The Board may require the employee to provide a complete and sufficient certification from a health care provider containing specific information if he/she requests a medical leave. If there is a question concerning the validity of such certification, a second and, if necessary, a third opinion can be required, both at the expense of the District.

Upon the employee's return to work from FMLA leave occasioned by the employee's own serious health condition, the Board requires that the employee present a fitness statement from the employee's health care provider certifying that the employee is able to return to work.

Reinstatement

When the employee returns from the leave, the Board reinstates the employee to the same or an equivalent position with equivalent benefits, pay, terms and conditions of employment. An employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

Instructional Employees

Special leave rules apply to instructional employees. Instructional employees are those employees whose principal function is to teach and instruct students in a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors and special education assistants such as signers for the hearing impaired. It does not include teacher assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

The following limitations also apply to instructional employees who take leave near the end of a semester for purposes other than the employee's own serious health condition.

1. When an instructional employee begins leave more than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last at least three weeks and the employee would return to work during the three-week period before the end of the semester.
2. When an instructional employee begins leave less than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last more than two weeks and the employee would return to work during the two-week period before the end of the semester.
3. When an instructional employee begins leave less than three weeks before the end of a semester and the leave lasts more than five working days, the Board may require the employee to continue taking leave until the end of the semester.

In all cases, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the Board is not counted as FMLA leave. However, the Board is required to maintain the employee's group health insurance and restore the employee to the same or equivalent job upon the conclusion of the leave.

CERTIFICATED STAFF POSITIONS

All certificated staff positions are created only with the approval of the Board. It is the Board's intent to maintain a sufficient number of positions to accomplish its goals and objectives.

Before any new position is established, the Superintendent presents for the Board's approval a job description for the position.

Although a position may remain temporarily vacant or the number of persons holding the same type of position may be reduced in the event of staff reductions, only the Board may abolish a position that it has created.

The Superintendent keeps all job descriptions current and presents recommended changes to the Board for approval.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Teachers)

The Board believes that a fair teacher compensation plan, which includes an adequate base salary, increments and employee benefits, is necessary to attract and retain properly certified or licensed men and women to provide a quality educational program.

As required by law, notice of annual salary is given to each certificated/licensed employee by July 1.

Teacher Contracts

Written contracts of employment are issued to all certified/licensed teaching personnel. Contracts are by and between the staff member and the Board.

The basic types of contracts are as follows:

1. Limited Contract

A limited contract is one to five years in length. It may be entered into by a teacher who has not been an employee of the Board for at least three years and must be entered into, regardless of length of previous employment, by a teacher who holds a provisional or alternative license or who holds a professional license and is not eligible to be considered for a continuing contract.

Any teacher employed under a limited contract and not eligible to be considered for a continuing contract is, at the expiration of the contract, considered re-employed at the same salary plus any increment provided by the salary schedule, unless acted upon by the Board.

The Board may, acting on the Superintendent's written recommendation that the teacher not be re-employed, not renew a limited contract so long as evaluation procedures have been completed in compliance with law. The Board must give the teacher written notice of its intent not to re-employ on or before June 1.

2. Extended Limited Contract

An extended limited contract of one or two years in length is given to a teacher who is eligible for consideration for, but not awarded, a continuing contract.

3. Continuing Contract

Teachers who have taught in the District for at least three years within the last five years and teachers who have attained continuing contract status elsewhere and have served two years in the District are eligible for continuing contracts.

A continuing contract may be issued to eligible teachers who:

- A. Hold a professional, permanent or life teaching certificate or
- B. Any teacher who was initially issued a teacher's certificate or educator's license prior to January 1, 2011 who meets the following conditions:
 - 1) Holds a professional educator license or a senior professional educator license or lead professional educator license;
 - 2) Has completed the applicable one of the following:
 - a. If the teacher did not hold a master's degree at the time of initially receiving the license, 30 semester hours of course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.
 - b. If the teacher held a master's degree at the time of initially receiving his/her license, six semester hours of graduate course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.
- C. Any teacher who never held a teacher's certificate and was initially issued an educator license on or after January 1, 2011 who meets the following conditions:
 - 1) Holds a professional educator license or a senior professional educator license or lead professional educator license;
 - 2) Has held an educator license for at least seven years;
 - 3) Has completed the applicable one of the following:
 - a. If the teacher did not hold a master's degree at the time of initially receiving an educator license, 30 semester hours of course work in the area of licensure or an area related to the teaching field since the issuance of the license.

- b. If the teacher held a master's degree at the time of initially receiving his/her license, six semester hours of graduate course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.

Upon the recommendation of the Superintendent that a teacher eligible for continuing contract service status be re-employed, a continuing contract is granted unless the Board rejects the recommendation by three-fourths vote. A continuing contract remains in effect until the teacher resigns, elects to retire, is retired for reasons consistent with law or until he/she is terminated or suspended.

If the Board rejects the recommendation for re-employment of the teacher, the Superintendent may recommend re-employment of the teacher under an extended limited contract for a term not to exceed two years, if continuing service status has not previously been attained elsewhere. Written notice of the Superintendent's intention to make such a recommendation must be given to the teacher with reasons directed at the professional improvement of the teacher on or before June 1. Upon subsequent re-employment of the teacher, only a continuing contract may be entered into.

The Board may reject the Superintendent's recommendation for re-employment of the teacher under an extended limited contract by three-fourths vote of its full membership.

The Board declares its intention not to re-employ the teacher by giving the teacher written notice on or before June 1. If evaluation procedures have not been completed in compliance with law or if the Board fails to give the teacher written notice of its intent not to re-employ by the aforementioned date, the teacher is re-employed under an extended limited contract for a term not to exceed one year at the same salary plus any increment provided by the salary schedule.

The Superintendent's recommendation is considered in all contracts pertaining to certificated/licensed individuals.

Policy GCB-1 applies to teachers. Policy GCB-2 applies to administrators. This numbering system is followed in other policies such as AFC-1 regarding teachers and AFC-2 regarding the same topic for administrators.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Administrators)

Fair compensation plans are necessary in order to attract and retain properly certified or licensed administrators to provide and manage a quality educational program.

The Board may establish a salary schedule for its administrators, with the exception that the salary of the Superintendent is usually determined by the employee contract. Notice of annual salary is given to each administrator by July 1.

All administrators shall be issued written limited contracts. The contract specifies the administrative position and duties, the salary and other compensation to be paid for performance of such duties, the number of days to be worked, the number of days of vacation leave and any paid holidays in the contractual year.

The term of the administrator's contract will not exceed three years, except that an individual who has been employed as an administrator for three years or more shall be entitled to receive a contract of not fewer than two nor more than five years. The Superintendent may recommend employment of an individual who has served as an administrator in the District for three years or more under a one-year administrative contract once during such individual's administrative career in the District.

An administrator who has earned teacher tenure in the District retains such status while serving as administrator. Any administrator who previously obtained teacher tenure in another district achieves teacher tenure in the District after re-employment with two or more years' experience as an administrator in the District.

The Superintendent's recommendation is considered in all contract renewals. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed and a written copy is given to the administrator no later than the end of the administrator's contract year as defined by his/her salary notice.

In the year an administrator's contract does expire, two evaluations are completed: one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to any Board action on the employee's contract, and a written copy of the preliminary evaluation is given to the administrator at this time.

The final evaluation includes the Superintendent's intended recommendation for the employee's contract. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. If the Board fails to take action on the expiring contract, then the administrator is renewed. If the administrator has been in the District for two years or less, he/she will receive a one-year contract. If the administrator has been in the District three years or more, he/she will receive a two-year contract.

Before June 1, any administrator whose contract expires at the end of the school year is notified by the Board of the date on which the contract expires and of the individual's right to request a meeting with the Board in executive session to discuss the reasons for considering renewal or nonrenewal of his/her contract. Also prior to June 1 of the year in which the employment contract expires, any administrator whom the Board intends to nonrenew receives written notification of the Board's intent not to re-employ.

The Board may request an alternative administrative license valid for employing a superintendent or any other administrator, consistent with State law.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Administrators)

The Board may request that the Ohio Department of Education (ODE) issue an alternative administrative license valid for employing a principal, superintendent or other administrative specialist as specified by the Board.

ODE may issue a one-year alternative principal license, valid for serving as principal or assistant principal, or a two-year alternative superintendent or administrative specialist license at the request of the District. The individual must:

1. be of good moral character;
2. submit to a BCI background check;
3. have a bachelor's degree (for principals and administrative specialists) with a grade-point average of at least 3.0 or a master's degree (for superintendents) with a graduate grade-point average of at least 3.0 and
4. have two or more years of teaching experience or five years of documented successful work experience in education, management or administration (for principals) or five or more years of documented successful experience in teaching, education, management or administration (for administrative specialists and superintendents).

The District provides a mentoring program for alternatively licensed administrators compliant with State law.

ODE may issue a professional administrative license to an individual with an alternative principal license or alternative superintendent or alternative administrative specialist license in accordance with State law.

For non-educators issued an alternative principal license, the District develops and implements a planned program for obtaining classroom-teaching experience. For non-educators issued an alternative administrative specialist or superintendent license, the District develops and implements a plan that outlines observation or classroom instruction across grade levels and subject areas.

[Approval date: November 17, 2015]

[Re-Approval date: March 8, 2016]

NOTE: The State Board of Education (SBOE) adopted requirements for alternative licensure to ensure that qualified individuals have increasing opportunities to become school administrators through alternative routes. The law ensures that alternative routes are standards-based and high quality. Alternative administrative licenses eliminate temporary licenses.

Alternative administrator licenses are available to individuals for whom their employing district has a board resolution supporting their position. There are currently two pilot programs assisting alternatively licensed administrators gain licensure. They are operated through the Ohio Hamilton County Educational Service Center and Bowling Green State University.

House Bill 64 (15) created the Bright New Leaders for Ohio Schools Program, which is meant to provide an alternative path for individuals to receive training and development in administration of primary and secondary education and leadership, enable those individuals to earn degrees and obtain licenses in public school administration, and promote placement of those individuals in public schools that have a poverty percentage greater than 50%.

ODE is required to issue alternative principal or administrator licenses to individuals who successfully complete the program and satisfy the requirements of the SBOE adopted rules. Those rules must be developed by the SBOE, in consultation with the board of directors of the program. The rules adopted under Ohio Revised Code Section 3319.27 must be used as a guide in the SBOE development of rules for this program.

CERTIFICATED STAFF SALARY SCHEDULES

The Board adopts a salary schedule for its regular teaching personnel and places each teacher on the salary schedule in accordance with training and experience.

Placement on the salary schedule is in accordance with regulations developed by the administration and approved by the Board and the placement is in compliance with the negotiated agreement.

Retired administrators who are subsequently employed by the Board are granted credit on the salary schedule as determined by the Board on a case-by-case basis.

CERTIFICATED STAFF SUPPLEMENTAL CONTRACTS

Certain positions assigned to certificated staff members may require extra responsibility or extra time beyond that required of all certificated staff members. When the Board and administration determine the need, qualified staff selected for such positions are provided supplemental contracts and additional compensation.

The Board approves the positions and the compensation for these assignments. Supplemental contracts for such assignments are awarded by the Board upon the recommendation of the Superintendent.

Supplemental contracts are limited contracts given for terms not to exceed one year. Supplemental contracts expire automatically at the end of their terms, with or without Board action.

The Board directs the Superintendent/designee to identify those supplemental contract positions that supervise, direct or coach student activity programs that involve athletic, routine/regular physical activity or have health and safety considerations. Individuals accepting these contract positions must complete the requirements established by the Ohio Department of Education and State law.

CERTIFICATED STAFF LEAVES AND ABSENCES

A leave of absence is a period of extended absence from duty by a staff member for which written request has been made and formal approval has been granted by the Board. The Board provides a plan for considering leaves and absences for its staff members in accordance with State and Federal law and Board policies.

Compensation, if any, during leaves of absence depends upon the type of leave. Deductions are made in salaries for absence in accordance with regulations developed by the administration and approved by the Board.

Depending on the type of leave and when the group insurance policy permits, an employee may continue to participate in Board-approved insurance programs, provided that the employee pays the entire premium for these benefits.

A staff member terminates his/her affiliation with the Board if, at the expiration of the specified period of leave, he/she declines the position that is offered to him/her. Assuming his/her contract has not expired during a leave of absence, an employee holds the same contract status upon returning to duty as was held on the date on which the leave began.

CERTIFICATED STAFF VACATIONS AND HOLIDAYS

Vacations

Administrative personnel employed on a 12-month basis will receive 20 days vacation during the contract year as specified on their individual contract.

Vacation time is accruable up to 40 days. Pay in lieu of vacation time will not be granted prior to separation from the District. Upon separation from employment with the Coldwater School District, administrators will be paid for unused vacation at their daily rate of pay for the number of days earned but not used during the final two years with the District, as well as the prorated portion of earned but unused vacation leave from the current year.

A written request for vacation will be submitted to the Superintendent for approval. Vacations will be allowed provided they do not hinder the operation of the schools.

Holidays

The school calendar, as adopted by the Board, will establish the school recess periods and holidays for all administrators employed on a school-year basis.

Except as holidays have been declared for the District or vacation days have been scheduled, all certificated staff members employed on a 12-month basis (260 workdays per year) will be expected to work during the recess periods of the school year.

Holidays for administrators will be as follows: New Year's Day, Martin Luther King Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas; for 12-month administrators, the following additional days will be granted: The day after Thanksgiving, one extra day at Christmas and Good Friday.

CERTIFICATED STAFF RECRUITING

Because the quality of the staff hired by the Board is the major component of an effective, productive educational program, the Board and the administration of the District make efforts to attract and retain qualified personnel.

The Board expects the Superintendent, with the assistance of the administrative staff, to determine the personnel needs of the District and the individual schools and to recruit the best qualified candidates to recommend for employment.

Recruitment procedures include posting all openings so that the talents and potential of individuals already employed by the school system are not overlooked. Any current employee may apply for any position for which he/she has certification and meets other stated requirements. All candidates shall be considered on the basis of their merits, qualifications and the needs of the District.

The appropriate building administrator is expected to be involved in recruiting and interviewing. The Superintendent's recommendation reflects, although not necessarily concurs with, that administrator's appraisal of the candidate's qualifications.

PROFESSIONAL STAFF HIRING

The Superintendent determines the District's personnel needs and recommends to the Board properly certified or licensed candidates for employment. Through recruiting and evaluation procedures, the Superintendent recruits and recommends to the Board the employment and retention of personnel.

It is the duty of the Superintendent to see that persons nominated for employment in the schools meet all certification/licensure requirements and the requirements of the Board for the type of position for which the nomination is made.

The following guidelines are used in the selection of personnel.

1. There is no unlawful discrimination in the hiring process.
2. The quality of instruction is enhanced by a staff with widely varied backgrounds, educational preparation and previous experience. Concerted efforts are made to maintain a variation in the staff.
3. Interviewing and selection procedures ensure that the administrator who is directly responsible for the work of a staff member has an opportunity to aid in the selection process. The final recommendation to the Board is made by the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination would create an unlawful interest in a public contract.
4. No candidate is hired without an interview and a criminal records check.
5. All candidates are considered on the basis of their merits, qualifications and the needs of the District. In each instance, the Superintendent and others having a role in the selection process seek to recommend the best qualified applicant for the job.
6. All candidates for teaching positions must be properly certified or licensed.

While the Board may accept or reject a nomination, an appointment is valid only if made with the recommendation of the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination would create an unlawful interest in a public contract. In the case of a rejection, it is the duty of the Superintendent to make another nomination.

Employment of Retired Administrators

The Board recognizes that recruiting and retaining properly certified or licensed administrative personnel has become increasingly difficult in Ohio's competitive marketplace. Therefore, the Board will, under appropriate circumstances, offer to enter into administrative employment agreements with qualified retired administrators whenever practical and when such action appears to be in the best interests of the District. Retired administrators may be employed as administrators on a part-time or full-time basis.

For purposes of this policy, a "retired administrator" is an individual who has retired pursuant to STRS or SERS rules and regulations.

The Board authorizes and directs the Superintendent to develop administrative regulations to implement this policy at the soonest practicable time.

Rehiring of Retirees

If an employee is retiring and seeks re-employment in the same position, then public notice must be given 60 days prior to the date re-employment is to begin. The notice must state that the person is or will be retired and is seeking re-employment in the District. The notice must include the time, date and location of a public meeting, which must take place 15 to 30 days prior to employment.

When regulations differ extensively for teachers and other categories of professional personnel, numerals can be added to the code letters, as explained in the coding note at GCB, Professional Staff Contracts and Compensation Plans.

In 2013, House Bill 59 added language to Ohio Revised Code Section (RC) 3319.07 that allows the board to designate someone other than the superintendent to nominate a teacher for employment if the superintendent's nomination would create an unlawful interest (conflict of interest) in a public contract pursuant to RC 2921.42.

Senate Bill 216 (2018) replaced "highly qualified teacher" with "teachers who are properly certified or licensed." Effective July 1, 2019 no city, exempted village, local, joint vocational, or cooperative education school district can employ any classroom teacher to provide instruction in a core subject area (reading and English language arts, mathematics, science, social studies, foreign language, and fine arts) to any student, unless such teacher is a properly certified or licensed teacher (requirements are outlined in RC 3319.074). Nor can they employ any paraprofessional to provide academic support in a core subject area to any student, unless such paraprofessional is a properly certified paraprofessional (requirements are outlined in RC 3319.088).

CERTIFICATED STAFF HIRING

When circumstances dictate, and in order to maintain continuity of the District's educational program, the employment of previously retired administrative personnel to fill administrative vacancies may be recommended to the Board so long as all of the following conditions are met.

1. An individual's administrative contract is a one-year agreement only. Such contract contains a resignation clause effective at the end of the one-year period.
2. All individual employment contracts expire at the end of the contract period without action by the Board or notice of expiration to the individual administrative employee.
3. A previously retired administrator must execute a written waiver of any evaluation procedures and potential automatic re-employment pursuant to applicable provisions of law.
4. A previously retired administrator must waive eligibility for continuing contract status as a teacher in the District, no matter his/her length of post-retirement service or the number of administrative contracts issued.
5. No previously retired administrator has any expectation of or right to future employment.
6. No previously retired administrator is eligible to participate in any retirement incentive program offered by the Board including, but not limited to, severance allowance.
7. A previously retired administrator must hold a valid license issued by the Ohio Department of Education pursuant to State law.
8. In the event a reduction in force is necessary, previously retired administrators are released before any limited contract administrators and are not eligible for recall. Previously retired administrators affected by a reduction in force may be subsequently rehired at the Board's discretion.
9. Previously retired administrators are entitled to all benefits available to administrative employees, unless otherwise limited by contract or the specific provisions of this regulation.
10. Previously retired administrators return to employment with no sick leave balance, but may accumulate sick leave once re-employed.

PART-TIME AND SUBSTITUTE PROFESSIONAL STAFF EMPLOYMENT

All professional personnel serving as substitute teachers or in part-time positions are recommended by the Superintendent for appointment by the Board. The rates of pay for such employment are recommended by the Superintendent and established by the Board.

The employment of substitute teachers is centralized for the District in the office of the Superintendent. Candidates selected are recommended to the Board for placement on the list of approved substitutes. EVALUATION OF PROFESSIONAL STAFF (Ohio Teacher Evaluation System)

A determination of the efficiency and effectiveness of the teaching staff is a critical factor in the overall operation of the District. The Board evaluates teachers in accordance with State law and the standards-based statewide teacher evaluation framework adopted by the State Board of Education (SBOE).

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The requirements of this policy prevail over any conflicting provisions of collective bargaining agreements entered into on or after September 24, 2012.

Notwithstanding Ohio Revised Code Section (RC) 3319.09, this policy applies to any person employed under a teacher license issued under RC 3319, or under a professional or permanent teacher's certificate issued under former RC 3319.222, and who spends at least 50% of the time employed providing content-related student instruction. This teacher evaluation policy does not apply to substitute teachers or instructors of adult education.

Credentialed Evaluators

Evaluations carried out under this policy are conducted by persons holding evaluator credentials established by the Ohio Department of Education (ODE). Evaluators must complete state-sponsored evaluation training and pass the online credentialing assessment. The Board adopts a list of approved credentialed evaluators chosen from ODE's list.

Effectiveness Rating

Teachers are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% teacher performance and 50% student growth measures. Student growth will be determined through multiple measures.

Annually, the Board submits to the ODE the number of teachers assigned an effectiveness rating, aggregated by the teacher preparation programs from which, and the years in which, the teachers graduated. The name of, or any personally identifiable information about, any teacher reported in compliance with this provision cannot be required.

Teacher Performance Calculation

Teachers are evaluated via two formal observations and periodic classroom walk-throughs. The teacher performance measure is based on the Ohio Standards for the Teaching Profession.

The Superintendent/designee selects/develops evaluation tools to calculate teacher performance. The Board directs the Superintendent/designee to develop procedures for these evaluation tools.

Student Growth Calculation

For the purpose of this policy, student growth means the change in student achievement for an individual student between two or more points in time. Student growth is evaluated by a combination of: (1) Value-added data or an alternative student academic progress measure if adopted under RC 3302.03(C)(1)(e); (2) ODE-approved assessments and/or (3) Board-determined measures. When available, value-added data or an alternative student academic progress measure if adopted under RC 3302.03(C)(1)(e) shall be included in the multiple measures used to evaluate student growth in proportion to the part of the teacher's schedule of courses or subjects for which the value-added progress dimension is applicable.

If a teacher's schedule is comprised only of courses or subjects for which value-added data is applicable, the entire student academic growth factor of the evaluation for such teachers shall be based on the value-added progress dimension.

Students with 45 or more excused or unexcused absences during the full academic year will not be included in the calculation of student academic growth. Data from Board-determined multiple measures will be converted to a score of: (1) Least Effective, (2) Approaching Average, (3) Average, (4) Above Average or (5) Most Effective student growth levels.

Professional Growth and Improvement Plans

Teachers with a final summative rating of Accomplished must develop professional growth plans and choose their credentialed evaluators from the Board-approved evaluator list.

Teachers with a final summative rating of Skilled must develop professional growth plans collaboratively with their credentialed evaluators from the Board-approved evaluator list and will have input on their credentialed evaluator.

Teachers with a final summative rating of Developing must develop professional growth plans with their credentialed evaluators. The Superintendent/designee approves the professional growth plan and assigns the credentialed evaluator.

Teachers with a final summative rating of Ineffective must develop an improvement plan with their credentialed evaluators. The Superintendent/designee approves the improvement plan and assigns the credentialed evaluator.

Evaluation Time Line

District administrators evaluate teachers annually. Annual evaluations include two formal observations at least 30 minutes each and periodic classroom walk-throughs. Teachers, who are on limited or extended limited contracts pursuant to State law and under consideration for nonrenewal, receive at least three formal observations during the evaluation cycle.

All teacher evaluations are completed by May 1. Teachers evaluated under this policy are provided with a written copy of their evaluation results by May 10.

The Board evaluates teachers receiving effectiveness ratings of Accomplished on those teachers' most recent evaluations carried out under this policy, and whose student growth measures are at least average or higher every three years. Such evaluations are completed by May 1 of the evaluation year. Teachers evaluated on this basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

The Board evaluates teachers receiving effectiveness ratings of Skilled on those teachers' most recent evaluations carried out under this policy, and whose student growth measures are at least average or higher every two years. Biennial evaluations conducted under this policy are completed by May 1 of the evaluation year. Teachers evaluated on a biennial basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

Beginning with the 2015-2016 school year, teachers of core subject areas, as defined by State law, who have received a rating of Ineffective for two of the three most recent school years must register for and take all written examinations of content knowledge selected by ODE.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

Seniority shall not be the basis for making retention decisions, except when choosing between teachers who have comparable evaluations.

Poorly Performing Teachers

The Board uses evaluation results for removing poorly performing teachers. The Board adopts procedures for removing poorly performing teachers based on evaluation results.

Professional Development

CONTRACT REF.: Teachers' Negotiated Agreement

NOTE: By July 1, 2013, the board of each district, in consultation with teachers employed by the board, must adopt a standards-based teacher evaluation policy that conforms with the Ohio Department of Education (ODE) framework for evaluation of teachers developed under Ohio Revised Code Section (RC) 3319.112. The requirements of the RC prevail over any conflicting bargaining agreement entered into on or after September 24, 2012.

Districts that receive Race to the Top (RttT) funds should follow the teacher evaluation time line and guidelines set forth in their scopes of work.

Districts not receiving RttT funds whose bargaining agreement was entered into on or after September 24, 2012 must implement this policy by the 2013-2014 school year. Districts who entered into a bargaining agreement prior to September 24, 2012 must implement the evaluation system at the expiration of that bargaining agreement.

Unless using the alternative framework, 50% of the teacher's evaluation must be based on student growth measures. Student growth must be based on multiple measures, including value-added data where it is available. Local boards of education may administer assessments chosen from the ODE assessment list for teachers of subjects where value-added scores are not available, and/or local measures of student growth using state-designed criteria and guidance. The

multiple measures designated by the board for teachers may vary based on subject level and grade taught and should be determined at the district level. The board-determined measures should be consistent for teachers teaching the same subject and/or grade level. The remaining 50% of the evaluation is based on teacher performance measured by the Ohio Standards for the teaching profession.

Districts may choose to use the alternative Ohio Teacher Evaluation System (OTES) framework. Under the alternative framework 50% of the teacher's evaluation is based on teacher performance, 35% is based on student growth measures and the remaining 15% will be based on one or any combination of the following components, as determined by the board: student surveys, teacher self-evaluations, peer review evaluations, student portfolios or any other component determined appropriate by the board except that the board may not use the teacher performance or student growth measures.

In November 2015, the State Board of Education (SBOE) revised the OTES framework language on professional growth and improvement plans and the ability for teachers to choose their credentialed evaluator. These are now tied to a teacher's final summative rating. The SBOE framework also allows a district to place a teacher on an improvement plan at any time based on deficiencies in any individual component of the evaluation system subject to collective bargaining.

Evaluations conducted pursuant to these requirements must be carried out by a person who holds a credential established by ODE. The board adopts a list of approved credentialed evaluators chosen from the ODE's list.

Districts may choose to evaluate teachers receiving effectiveness ratings of Accomplished on their most recent evaluations every three years and teachers receiving effectiveness ratings of Skilled on their most recent evaluations every two years. If the district chooses to do this, policy language should be included. Districts may choose to place limits on this language, for instance, limiting to only teachers on continuing contracts or teachers not in the last year of a limited contract. Districts should consult with board counsel when making this determination.

Districts may choose to evaluate teachers receiving effectiveness ratings of Accomplished on the most recent evaluations through one formal observation and the completion of a board-approved project. If the district chooses to do this, policy language should be included.

Beginning with the 2014-2015 school year, boards also can elect to not evaluate teachers who: 1) were on leave for 50% or more of the school year as calculated by the board or 2) have submitted a notice of retirement that has been accepted by the board no later than December 1 of the school year in which the evaluation would have been conducted.

Beginning with the 2017-2018 school year, boards also can elect to not evaluate a teacher who is participating in the teacher residency program for the year during which the teacher takes, for the first time, at least half of the performance-based assessment prescribed by the SBOE for resident educators.

The SBOE adopted a revised teacher evaluation framework in September 2014 that revised the student growth measure levels to five different levels. The revisions also removed the final summative rating grid. Final summative ratings are now calculated on a points system through eTPES.

Boards are required to use teacher evaluation results for promotion and retention decisions and for removing poorly performing teachers. These procedures are required to appear in board policy, but will be unique to each district. Boards should develop these procedures with district administrators and adopt them into board policy as a regulation, which should be coded as AFC-1-R (also GCN-1-R).

Boards are required to allocate financial resources to support professional development. While ODE's model policy suggests that the allocation should appear in board policy, neither the law nor the framework requires the addition of such specific language. Boards wishing to do so may include the allocation of financial resources in the regulation language.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Support)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator.

In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1 and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or non-renew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein prevents the Board from making any final determination regarding the renewal or nonrenewal of an administrator's contract.

Ohio Principal Evaluation System (OPES)

Procedures for evaluating principals and assistant principals are based on principles comparable to the Ohio Teacher Evaluation System, but are tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Principals and assistant principals are evaluated under the above system, with the inclusion of the following components.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% measures of principal or assistant principal performance and 50% student growth measures. Student academic growth is determined through multiple measures.

Principals and assistant principals are evaluated via two formal observations and periodic building walk-throughs. The 50% principal and assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

Student academic growth is evaluated by a combination of: (1) Value-added data; (2) Ohio Department of Education (ODE)-approved assessments and/or (3) Board-determined measures. When available, value-added data shall be included in the multiple measures used to evaluate student growth.

The principal's performance rating is combined with the results of student growth measures to produce a summative evaluation rating according to ODE requirements.

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walk-throughs.

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.

NOTE: See policy coded AFC-1 (Also GCN-1) for an explanation of the coding of this sample policy. Regulations accompanying this policy follow under code AFC-2-R (Also GCN-2-R).

Administrative personnel are all persons issued contracts in accordance with State law, including the following: assistant superintendents, business managers, principals, assistant principals and all other personnel required to maintain certificates/licenses.

The evaluation process for principals and assistant principals is set forth by Ohio Revised Code Section (RC) 3319.02(D). Evaluation procedures for principals and assistant principals include the components set forth for administrative personnel, but include some additional requirements. Principal and assistant principal evaluations must be based on principles comparable to the teacher evaluation policies adopted under RC 3319.111, but must be tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Therefore, principals and assistant principals are evaluated like other administrators, but with the addition of the SBOE's evaluation framework requirements.

The phrase "other administrator" as used in the statute is defined as being comprised of three basic types: (1) licensed administrators; (2) non-licensed supervisors and management-level employees and (3) business managers.

A licensed "other administrator" is any employee who works in a position for which the board requires an administrative license. Professional pupil service employees (most notably guidance counselors), administrative specialists and persons employed in equivalent positions are, however, considered to be "other administrators" only if they spend less than 50% of their time teaching or working with students.

A non-licensed "other administrator" is any employee (other than the superintendent) whose job duties enable him/her to be considered as either a "supervisor" or "management-level employee" for purposes of the Collective Bargaining Law. Thus, non-licensed persons employed as transportation coordinators and maintenance supervisors, if they responsibly direct other employees, discipline them or effectively recommend such action, would appear to be "other administrators" within the meaning of the law. Business managers are persons who are employed in positions requiring a business manager's license and whose powers and duties are set forth in a series of statutes applying only to such position.

EVALUATION OF CERTIFICATED STAFF
(Administrators Both Certificated and Classified)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of State law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. An initial meeting is held by the Superintendent prior to the school year with the assistant superintendents and administrators to discuss specific measurable objectives and plans for their achievement. A statement of these objectives and plans is submitted by each administrator to the Superintendent/designee at a time specified. These objectives and plans are written and maintained in each administrator's personnel file.
2. The evaluator employs the evaluation criteria, which are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of their contract year. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss it with the evaluator at this second meeting.
3. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
4. For those employees whose contracts are expiring at the end of the current school year, two evaluations must be completed. A written copy of the preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.
5. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

6. Assistant superintendents, business managers, principals, assistant principals and other administrators are automatically re-employed for a period of one year, or for two years if such person has been employed by the District for three or more years, if they are not evaluated according to State law or provided a meeting, if requested, to discuss their renewal or nonrenewal.
7. All evaluation criteria, procedures and written job descriptions are reviewed annually by the Superintendent/designee and revised as necessary.

EVALUATION OF SCHOOL COUNSELORS

Professional school counselors offer students access to high-quality services that support students' academic, career and social/emotional development. The Board evaluates school counselors in accordance with State law and the standards-based statewide counselor evaluation framework adopted by the State Board of Education (SBOE). The framework is aligned with the Ohio Standards for School Counselors.

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The policy becomes operative at the expiration of any collective bargaining agreement covering school counselors that is in effect on September 29, 2015. The requirements of this policy prevail over any conflicting provisions of collective bargaining agreements entered into on or after September 29, 2015.

Annually, the Board submits to the Ohio Department of Education (ODE) a report regarding implementation of this policy. The name of, or any personally identifiable information about, any counselor reported in compliance with this provision cannot be required.

Effectiveness Rating

School counselors are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. Each school counselor is evaluated based on multiple factors including performance on all areas identified by the standards for school counselors and the ability to produce positive student outcomes using metrics in order to determine the holistic final summative rating of effectiveness according to ODE requirements. The choice of metrics for student outcomes will be determined locally and will include information from the school or school district's report card when appropriate.

Evaluation Time Line

District administrators evaluate school counselors annually except as otherwise appropriate for high performing school counselors. Annual evaluations include two formal observations of at least 30 minutes each and informal observations. Counselors will be provided with a written report of the evaluation.

The Board evaluates school counselors receiving effectiveness ratings of Accomplished on the counselors' most recent evaluations carried out under this policy, and whose metric of student outcomes for the most recent school year for which data is available is skilled or higher on the evaluation rubric every three years. In years when an evaluation will not take place, one observation is carried out and at least one conference with the counselor is held.

The Board evaluates school counselors receiving effectiveness ratings of Skilled on the counselors' most recent evaluations carried out under this policy, and whose metric of student outcomes for the most recent school year for which data is available is skilled or higher on the evaluation rubric every two years. In years when an evaluation will not take place, one observation is carried out and at least one conference with the counselor is held.

Professional Growth and Improvement Plans

School counselors with a final summative rating of Accomplished must develop a professional growth plan.

School counselors with a final summative rating of Skilled must develop a professional growth plan collaboratively with their evaluator.

School counselors with a final summative rating of Developing must develop a professional growth plan with their evaluator. The Superintendent/designee approves the professional growth plan.

School counselors with a final summative rating of Ineffective must develop an improvement plan with their evaluator. The Superintendent/designee approves the improvement plan.

The District has discretion to place a school counselor on an improvement plan at any time based on deficiencies in any individual component of the evaluation system.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions for school counselors beginning with the 2017-2018 school year. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

Poorly Performing Counselors

The Board uses evaluation results for removing poorly performing counselors beginning with the 2017-2018 school year. The Board adopts procedures for removing poorly performing school counselors based on evaluation results.

Professional Development

NOTE: By September 30, 2016, the board must adopt a standards-based counselor evaluation policy that conforms to the State Board of Education (SBOE) framework for evaluation of counselors developed under Ohio Revised Code Section (RC) 3319.113. The requirements of the RC prevail over any conflicting bargaining agreement entered into on or after September 29, 2015. The SBOE framework is aligned with the standards for school counselors adopted under RC 3319.61. The policy must include implementation of the framework beginning with the 2016-2017 school year and procedures for using the evaluation results for decisions regarding retention and promotion of counselors and removal of poorly performing counselors beginning with the 2017-2018 school year.

The policy becomes operative at the expiration of any collective bargaining agreement covering school's counselors that is in effective on September 29, 2015 and must be included in any collective bargaining agreement renewal or extension.

Boards are required to use counselor evaluation results for promotion and retention decisions and for removing poorly performing counselors beginning with the 2017-2018 school year. These procedures are required to appear in board policy, but will be unique to each district. Boards should develop these procedures with district administrators and adopt them into board policy as a regulation, which should be coded as AFCA-R (Also GCNA-R).

Beginning with the 2017-2018 school year, boards can elect to not evaluate school counselors who: 1) were on leave for 50% or more of the school year as calculated by the board or 2) have submitted a notice of retirement that has been accepted by the board no later than December 1 of the school year in which the evaluation would have been conducted.

REDUCTION IN CERTIFICATED STAFF WORKFORCE

The Board may reduce the number of teachers upon the return to duty of regular teachers after leaves of absence, suspension of schools, territorial changes affecting the District or decreased enrollment of students in the District or for financial reasons.

The Board may reduce the number of administrators upon the return to duty of administrators after leaves of absence, suspension of schools, territorial changes affecting the District, decreased enrollment of students in the District, for financial reasons or for other reasons unrelated to the performance of the individual administrator.

REDUCTION IN CERTIFICATED STAFF WORKFORCE
(Administrators Both Certificated and Classified)

When the Board determines that it is necessary to reduce the number of administrative staff positions, the following procedures shall apply.

1. To the extent possible, the number of administrators affected by a reduction in force will be minimized by not employing replacements or who retire, resign or whose contracts are not renewed for reasons other than reduction in force.
2. Reductions needed beyond those resulting from attrition are made by suspending or nonrenewing contracts. Those contracts to be suspended are chosen as follows.
 - A. All administrators are placed on a seniority list. Seniority is defined as the length of continuous service in the District. Seniority is not interrupted by authorized leaves of absence.
 - B. Reductions shall be made with preference being given first to administrators with seniority.
 - C. If two or more administrators have the same length of service, seniority will be determined by:
 - 1) the date of the Board meeting at which the administrator was hired;
 - 2) next, by the date on which the administrator signed his/her initial contract in the District (in the event two or more staff members were hired on the same date) and
 - 3) then, the date on which the administrator submitted the first completed job application within the two-year period preceding the effective date of the administrator's first contract with the Board.

If a tie remains after steps 1, 2 and 3, the Superintendent decides which contract is suspended.

3. The names of administrators whose contracts are suspended in a reduction-in-force action are placed on a recall list for up to 12 months from the date of the reduction. Administrators on the recall list have the following rights.
 - A. No new administrator will be employed by the Board while there are administrators on the recall list who are certificated/licensed to fill the vacancy.
 - B. Administrators on the recall list are recalled in order of seniority for vacancies in areas for which they are certificated/licensed.
 - C. If a vacancy occurs, the Board will send an announcement via certified mail to the first known address of all administrators on the recall list who are qualified according to these provisions. It is the administrator's responsibility to keep the Board informed of his/her current address. All administrators are required to respond in writing to the District office within seven calendar days. The most senior of those responding is offered the vacant position. Any administrator who fails to accept the position within seven calendar days forfeits all recall rights.
 - D. An administrator on the recall list, upon acceptance of the notification to resume active employment status, returns to active employment status with the same seniority, accumulation of sick leave and salary schedule placement as he/she held at the time of layoff. An administrator on the recall list who is unemployed and does not otherwise have group insurance coverage available may continue to participate for up to 18 months in those benefits which are provided to administrators in active employment, provided that the administrator pays 102% for such benefits.

RESIGNATION OF CERTIFICATED STAFF MEMBERS

Any certificated staff member who has a contract effective for the next school year is not permitted to resign after July 10, preceding that year. After that time, the consent of the Board must be given before a staff member may resign his/her position. A teacher who resigns after July 10 is subject to certification sanctions imposed by the State Board of Education. Resignations are submitted to the Superintendent for presentation to the Board.

Suspension

The Board may suspend a professional staff member pending final action to terminate his/her contract if, in its judgment, the character of the charges warrants such action.

Before terminating any contract, the Board furnishes the professional staff member a written notice signed by the Treasurer of its intention to consider termination of his/her contract and specification of the grounds for such consideration. The Board informs the professional staff member of his/her right to request a hearing by the Board or by an independent referee. At such a hearing, both parties may be represented by counsel and present and cross-examine witnesses. A stenographic record of the proceedings is made. SUPPORT STAFF CONTRACTS AND COMPENSATION PLANS

Contracts

All newly hired, regular support staff employees, including regular hourly rate and per diem employees, enter into written contracts for their employment, which are for a period of not more than one year. If such employees are rehired at the end of their first contracts, their three subsequent contracts are for periods of two years each.

After the expiration of the third two-year contract, if the contract of an employee is renewed, the employee receives a continuing contract. The salary provided in the contract may be increased but not reduced unless such reduction is a part of a uniform plan affecting the support staff employees of the entire District.

Compensation Plans

In determining and developing salary schedules for support staff other than administrators, the Board considers the responsibilities of the position, the qualifications needed, past experience of the individual and years of service credit.

Salaries for support staff are reviewed and established annually by the Board upon the recommendation of the Superintendent.

In compliance with State law, employees are notified in writing by July 1 of their salary for the following school year.

Senate Bill 216 (2018) revised the contract sequence for nonteaching employees. Prior to adopting this policy districts should review it in conjunction with local collective bargaining agreements to determine if the contract sequence outlined here is the one followed in the district.

CLASSIFIED STAFF SALARY SCHEDULES

The Board develops salary schedules that:

1. adequately provide for the retention of those classified staff employees who are rendering satisfactory and efficient service in the District and
2. provide employees with a financial projection by indicating the salary that may be provided by a salary schedule.

Such schedules take into account the qualifications required, the responsibilities of the position and work experience. Initial placement on the schedule may take into consideration the employee's previous experience.

An employee must serve two-thirds of his/her particular work year in order to qualify for the yearly increment on a salary schedule.

CLASSIFIED STAFF PUPIL ACTIVITY CONTRACTS

The Board believes that a varied cocurricular program adds depth and richness to the academic program, teaching skills and life lessons not easily learned in the classroom. The Board also recognizes the importance of positive adult leadership in pupil activity programs.

Nonlicensed/Non-certificated staff members may be awarded pupil activity contracts. Compensation for the position is at the same Board-approved rate as that paid to licensed/certificated individuals.

Any nonlicensed/non-certificated staff member desiring to accept a pupil activity contract must hold a valid pupil activity permit issued under rules adopted by the State Board of Education. The Board may terminate or suspend the pupil activity contract if this permit is suspended, revoked or limited by the State Board of Education.

Pupil activity contracts are limited nonteaching contracts in effect for a term not to exceed one year. The Board provides written notice of nonrenewal on or before June 1 of each year.

The Board approves the positions and the compensation for these assignments. Contracts are awarded by the Board upon the recommendation of the Superintendent. The Board meets all requirements of the Fair Labor Standards Act.

The Board directs the Superintendent/designee to identify those pupil activity contract positions that direct, supervise or coach programs that involve athletic, routine or regular physical activity or involve health and safety considerations. SUPPORT STAFF RECRUITING/POSTING OF VACANCIES/HIRING

The recruitment and selection of suitable candidates for positions is the responsibility of the Superintendent, who confers with principals and other supervisors before making a selection. An employee may apply for any vacancy for which he/she is qualified.

All appointments to the support staff are made by the Superintendent, subject to confirmation by the Board. In making these appointments, the Superintendent carefully observes all pertinent laws and negotiated agreements, as well as any regulations that may be approved from time to time by the Board.

The Board fixes conditions of employment as well as wages, hours and other benefits for support staff members upon the recommendation of the Superintendent or as determined by the negotiated agreement.

Rehiring of Retirees

If an employee is retiring and seeks re-employment in the same position, then public notice must be given 60 days prior to the date re-employment is to begin. The notice must state that the person is or will be retired and is seeking re-employment in the District. The notice must include the time, date and location of a public meeting, which must take place 15 to 30 days prior to employment.

NOTE: This is an example of how topics and codes appearing consecutively in the OSBA coding system can be combined to save space in a manual. When a policy covers two topics that appear consecutively in the classification system, the terms and codes can be combined as illustrated on this page.

In districts employing a business manager, he/she shall appoint support staff employees, subject to confirmation by the board.

In 2013, House Bill 59 added new Ohio Revised Code Section 3319.031, which authorizes a board that chooses not to employ a business manager to assign the statutorily prescribed powers and duties of a business manager to one or more other district employees, including the treasurer. If the board assigns these duties to the treasurer, the superintendent, not the treasurer, has the authority to recommend the appointment or discharge of non-educational employees.

PART-TIME, TEMPORARY AND SUBSTITUTE SUPPORT STAFF EMPLOYMENT

Part-time, temporary and substitute support staff are employed as necessary for the efficient operation of the District.

The District maintains lists of persons qualified to serve in various support positions so that substitutes and temporary help may be obtained as needed. The Board approves such persons for substitute and temporary employment on the recommendation of the Superintendent.

Part-time, temporary and substitute support staff employees are paid in accordance with hourly rates established by the Board. Substitute and temporary employees are entitled to sick leave at the rate established by law. Regularly employed, part-time employees are entitled to sick leave on a prorated basis, based on a full-time schedule. Other privileges and benefits may be provided to regularly employed part-time employees.

STAFF CONDUCT

All staff members have a responsibility to make themselves familiar with, and to abide by, the laws of the state of Ohio and the negotiated agreement, the policies of the Board and the administrative regulations designed to implement them.

The Board expects staff members to conduct themselves in a manner that not only reflects credit to the District, but also presents a model worthy of emulation by students. Unless otherwise permitted by law, staff members are not permitted to bring a deadly weapon or dangerous ordnance into a school safety zone.

All staff members are expected to carry out their assigned responsibilities. Essential to the success of ongoing operations and the instructional program are the following specific responsibilities, which are required of all personnel:

1. faithfulness and promptness in attendance at work;
2. support and enforcement of policies of the Board and regulations of the administration;
3. diligence in submitting required reports promptly at the times specified;
4. care and protection of District property and
5. concern and attention toward their own and the District's legal responsibility for the safety and welfare of students, including the need to ensure that students are under supervision at all times.

NOTE: Ohio's concealed-carry gun laws enable an individual with a valid concealed-carry license or temporary emergency license who is either a driver or passenger in a motor vehicle in a school safety zone to have a loaded handgun if one of the following applies: (1) the loaded handgun is in a holster on the person's person; (2) the loaded handgun is in a closed case, bag, box or other container that is in plain sight and that has a lid, cover or closing mechanism with a zipper, snap or buckle, which lid, cover or closing mechanism must be opened for a person to gain access to the handgun; or (3) the loaded handgun is securely encased by being stored in a closed glove compartment or vehicle console or in a case that is locked.

Senate Bill 199 revisions to Ohio Revised Code Section (RC) 2923.122, effective March 19, 2017, now allow a person who has a valid concealed handgun license to leave the firearm in a motor vehicle while in a school safety zone, so long as the vehicle is locked.

In addition, new RC 2923.1210 states that a public or private employer may not establish, maintain, or enforce a policy that prohibits a person who has a valid concealed handgun license from transporting or storing a firearm or ammunition when both of the following conditions are met:

- *Each firearm and all of the ammunition remains inside the person's privately-owned motor vehicle while the person is physically present inside the motor vehicle, or each firearm and all of the ammunition is locked within the trunk, glove box, or other enclosed compartment or container within or on the person's privately-owned motor vehicle and*
- *The vehicle is in a location where it is otherwise permitted to be.*
