GRADE

C

Performance Index

The Performance Index measures the test results of every student, not just those who score proficient or higher. There are six levels on the index and districts receive points for every student in each of these levels. The higher the achievement level the more the points awarded in the district's index. This rewards schools and districts for improving performance.

Gifted Students

The Gifted Students data and Indicator highlight the opportunities for and performance of gifted students. The dashboard answers several questions: How many students are identified as gifted and in what categories? How many of those students are receiving gifted services? How well are those gifted students performing? The Gifted Indicator measures whether opportunity and performance expectations are being met for gifted students.

INDICATOR

Not Met

Overview

The Gifted Indicator is derived from three components: Gifted Value Added grade, the Performance Index for gifted students, and a Gifted Inputs score.

Gifted Value Added

Value Added Grade:	B
Value Added Met?:	Met

Schools must earn a Gifted Value Added grade of C or better to meet the Gifted Value Added component.

Gifted Performance Index

Performance Index:	108.3
Performance Index Met?:	Not Met

Schools with at least 10 unique students in the Gifted Performance Index calculation must score 115.0 or better to meet the Gifted Performance Index component.

Gifted Inputs

Total Points:	37.0
Gifted Inputs Met?:	Not Met

Points are earned based on identification and services provided to gifted students. Schools must earn 40 or more points out of a possible 100 to meet the Gifted Inputs component.

Gifted Indicator Final Result

INDICATOR

Not Met

The Gifted Indicator is Met if none of the three components are Not Met. Gifted Inputs alone cannot determine the Gifted Indicator, however; if both the Value Added and Performance Index components are NC, then the Gifted Indicator is also NC.

Performance Index

The Performance Index calculation for gifted students. Only tests taken by students identified as gifted in that subject (e.g. gifted in Math and taking the Math test), or taken by students identified with Super Cognitive abilities regardless of test subject are included.
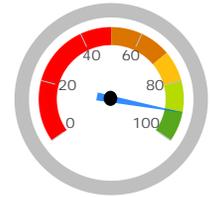

90.3%

Progress

This is your school's average progress for its students in math and reading, grades 4-8. It looks at how much each student learns in a year. It answers the question – Did the students get a year's worth of growth? Did they get more? Did they get less?

COMPONENT GRADE

Coming in
2016

Overall

GRADE

B

This measures the progress for all students in math and reading, grades 4-8.

Gifted Students

GRADE

B

This measures the progress for students identified as gifted in reading, math, and/or superior cognitive ability.

Students in the Lowest 20% in Achievement

GRADE

F

This measures the progress for students identified as the lowest 20% statewide in reading and math achievement.

Students with Disabilities

GRADE

C

This measures the progress for students with disabilities.

High School

GRADE

Coming in 2018

A High School measure of progress will be reported in the 2014-15 school year.

Progress Details

This table shows the Progress scores by test grade and subject, and includes up to three years of data as available.

Test Grade	Progress Score		
	English Language Arts	Mathematics	All Tests
All Grades	-2.07	5.05	1.43
5th Grade	-4.29	2.97	-1.29
6th Grade	-2.34	2.56	-0.12
7th Grade	2.27	2.03	2.85
8th Grade	0.78	2.55	1.96
High School	0.00	7.82	7.82

Although Progress scores are not assigned letter grades at this level of detail, the grading scale applied at the Overall (All Students, All Tests) level is:

A = 2.00 and up
B = 1.00 to 1.99
C = -1.00 to 0.99
D = -2.00 to -1.01
F = below -2.00

Progress vs. Performance Index

This bubble chart shows the relationship between each subgroup's Performance Index results (horizontal axis) to the Value-Added letter grade (vertical axis). The size of the bubble represents the size of the student subgroup.

Gap Closing

This grade shows how well all students are doing in your district in reading, math, and graduation. It answers the question – Is every student succeeding, regardless of income, race, ethnicity, or disability?

COMPONENT GRADE

Coming in
2016

GRADE

D

AMO Points

62.5%

A = 90.0 - 100.0%
B = 80.0 - 89.9%
C = 70.0 - 79.9%
D = 60.0 - 69.9%
F = 0.0 - 59.9%

Annual Measurable Objectives

Annual Measurable Objectives (AMOs) compare the performance of student groups to a state goal which is displayed as the red line in the following charts. These charts show how well each group achieves that goal in reading, math and graduation – and emphasize any achievement gaps that exist between groups. The ultimate goal is for all groups to achieve at high levels.

Reading

- White: 79.7
- All Students: 79.5
- Econ Disadvantage: 70.3
- Students w/ Disab...: 34.3

Math

- White: 91.3
- All Students: 90.8
- Econ Disadvantage: 83.6
- Students w/ Disa...: 60.0

Graduation Rate

This school does not have an Annual Measurable Objective for Graduation Rate because there were not enough students to evaluate.

Legend:
- ■ White
- ■ All Students
- ■ Econ Disadvantage
- ■ Students w/ Disab...

The red line on each graph identifies the Annual Measurable Objective. The 2015 AMO for Reading is 71.3%, for Math is 65.0%, and for Graduation Rate is 80.5%. Subgroups with fewer than 30 students are not rated and do not appear on the graphs.

Graduation Rate

This grade represents the percentage of students whom entered the 9th grade and graduated 4 and 5 years later.

COMPONENT GRADE

Coming in
2016

This school has not been assigned
a grade for Graduation Rate
because there were not enough
students to evaluate.

The Graduation Rate graph that would appear in this space cannot be displayed because there were not enough students to evaluate.

K-3 Literacy

This grade answers the question - Are more students learning to read in kindergarten through third grade?

Third Grade Reading Guarantee

Ohio's Third Grade Reading Guarantee ensures that students are successful in reading before moving on to fourth grade. Schools must provide supports for struggling readers in early grades. If a child appears to be falling behind in reading, the school will immediately start a Reading Improvement and Monitoring Plan. The program ensures that every struggling reader gets the support he or she needs to learn and achieve.

Students have multiple opportunities to meet promotion requirements including meeting a minimum promotion score on the third grade state reading tests given in the fall and spring. Students have an additional opportunity to take the state assessment in the summer, as well as a district-determined alternative assessment.

The Parent Roadmap is available to help parents understand how the Third Grade Reading Guarantee applies to your child.

How many third graders met the Third Grade Reading Guarantee requirements for promotion to 4th grade?	Coming Soon
How many third graders scored proficient on the state Reading test?	Coming Soon

Prepared for Success

This grade answers the question – Are students who graduate from your school ready for college or a career? There are many ways to show that graduates are prepared.

Outcomes after High School Graduation

Districts and schools have long-term impacts on student outcomes. The Prepared for Success component provides information on how schools prepare students for different pathways of college and career success. It also provides insights on how those students do once they leave high school. What happens beyond the diploma is an important indicator of how well schools are preparing students.

The University System of Ohio provides district reports on enrollment and remediation of high school graduates attending in-state, public colleges and universities.

Additional data on outcomes after high school are coming soon. These will include college graduation, demographics of college enrollees, workforce and military enlistment.

Note: These data represent students in the 4-year graduation rate, i.e. students who entered 9th grade in 2011.
